

First EnterSchoolMind Pilot Workshop in Cyprus

3rd and 5th of February 2021

The first (out of 8) EnterSchoolMind online pilot workshop for the development of the entrepreneurial mindset for teachers was successfully completed last week. The workshop focused on the competence “Learning through experience” and was attended by several teachers from Cyprus. The EnterSchoolMind project (Erasmus+) aims to cultivate the entrepreneurial mindset in elementary schools through a holistic approach targeting teachers and pupils.

The EnterSchoolMind pilot workshops in Cyprus will be taking place throughout February and March:
